LEGION TRAVEL ARRANGEMENTS FOR PARIS

A total saving of \$5,000,000 will be made in the cost of the Paris convention trip of 30,000 members of The American Legion next September over that of a trans-Atlantic movement of a like proportion at the ordinary travel rates. It is estimated by S. C. Crockett Montgomery, Ala. Department France Convention Officer of this state who has made a detailed comparison of prices. This sum will represent an average saving of approximately \$175 by veteran taking the Legion pilgrimage.

Agreement of eighteen foreign governments to eliminate passport and visa charge, waiver of landing charge by French ports, freedom of the ship while at sea, and reduced rail-road fare are some of the benefits derived by those making the Legion Journey to the French government, organizations, and individuals are cooperating on a big scale will add to the delights of the Legion trip.

The cheaper grade accommodations on the Legion steamers from \$145.80 to \$230 averaging \$170. These accommodations on the official Legion steamers are better in every way than those of the ordinary "tourist cabin" on which the regular round trip to France charge is \$182, including tax, the Department France Convention Officer said. In addition, on the Legion steamers, the veterans occupying the cheaper accommodations will have the freedom of the entire ship and the actual cost value of this privilege in ordinary travel is \$88. This item added to the ordinary "tourist cabin" rate would bring the total ordinary rate to \$265 for the trip whereas the Legionnaires are paying from \$145.80 to \$230. Better food and superior state-room service of the Legion pilgrimage over the ordinary rate trip will make the Journey more enjoyable than an independent trip later.

The high quality of Pan-Am products never varies. They are produced and marketed by ONE organization, through reliable dealers.

Vouched for by his neighbors

No matter where you are—at home or over in a neighboring state—you take no chances when you stop at the familiar cream-colored Pan-Am pump. Before this pump is placed, we ask a man's neighbors about his business character—people who have known him for years. (Only when they speak highly of him, can we secure the Pan-Am franchise. (For our constant aim is to give our customers a dependable supply of better gasoline and motor oils. (Thousands are turning to Pan-Am—not only because they appreciate this better service—but because they have found that Pan-Am gasoline starts quicker, goes farther and pulls stronger.

NOTICE OF MORTGAGE SALE.

A breach of condition having occurred upon the mortgage dated February 15, 1923, executed by P. Jackson Han, and wife, Claude Belle Han to The Federal Land Bank of New Orleans, and records in the Probate Office at Elba, Alabama, in Mortgage Book No. 10, at Sec. 10, page 15th day of November, 1929, which default continues; and the mortgage under authority granted in said mortgage, having executed its option to declare the entire indebtedness secured by said mortgage due and payable at once, as there is provided, and instructed its undersigned attorney to advertise and foreclose said mortgage security, in accordance with the power contained in the mortgage, for the purpose of satisfying the said mortgage debt, together with the expenses and lawful charges incident thereto, and provided for under said mortgage.

Now, therefore, the said Federal Land Bank of New Orleans, by its undersigned attorney duly authorized, will sell the mortgaged premises, at public auction, for cash, to the highest bidder, at the West door of the County Courthouse in Elba, Alabama, at twelve o'clock P. M. on the 12th day of April, 1927, described in said mortgage, as follows: Southwest Quarter of Section 15, in Coffee County, Alabama, and containing 140 acres, more or less.

Said sale, as stated, is being made under the power and authority contained in said mortgage, and for the purpose of paying and satisfying the indebtedness thereon, secured by all lawful charges and expenses incident thereto.

Witness, this 22nd day of March, 1927.

By using two-horse cultivators instead of a single plow, Prof. M. L. "BETTER FARMING" DOESN'T MEAN HARDER WORK.

It includes sanitation, terracing, fertilizing, crop rotation, seed selection, soil preparation, cultivation diversification and logical marketing. It means more HEAD work and less HARD work.

It results in better farms, farmers and farmers' families. It brings health, wealth and wisdom. We have an intense longing to be used to any farmer friend who wants to throw his common-sense "in gear" and will co-operate.

JUDGE CARNLEY WRITES ABOUT PROPOSED ROAD BOND ISSUE.

An election will be held on April 12, 1927, for the purpose of voting on \$25,000,000 for building State Highways. Why we should vote for this Bond Issue is a pertinent inquiry now. Generally, we are against big bond issues and big debts. We must consider the proposed bond issue in the light of present conditions. What are these?

We have begun road construction in Alabama. We have pledged the tax for payment of principal and interest of the first issue of bonds in the sum of \$25,000,000. We have begun a system of roads which are not completed. With out more money now to go forward with road building in Alabama we would necessarily lose millions now invested. There are many, many miles of roads which should be built to connect the incomplete system. This cannot be done with out more money.

It is now proposed to vote for \$25,000,000. This issue will be paid out of the gasoline taxes. Property taxes will not be levied to pay this. Roads constructed will be maintained by the gasoline taxes. It is estimated that 2 cents on the gallon of gasoline will take care of the interest and create a sinking fund for the redemption or retirement of the bonds.

Gov. Graves advocated during his campaign for office of Governor the issuance and sale of \$25,000,000 of bonds. The people elected him, and he is now attempting to carry out his platform pledge. The question has really been settled, and there is now little opposition to the proposed issue. We must consider the question as one settled by a majority of the voters of Alabama.

By using two-horse cultivators instead of a single plow, Prof. M. L. Nichols, county agent, says that teachers of vocational agriculture who studied this question last year found that the farmer can cultivate twice as much as the latter. This gives them time for chopping cotton, or for doing other farm work, perhaps cultivating more acres.

FORD BUSINESS GOOD ACCORDING TO REPORT OF LOCAL DEALER.

Dorsey Brothers, local dealers report sales covering new and used cars are exceptionally good, and with more favorable weather conditions now prevailing, they are expecting even a nicer volume of sales.

According to reports their used car sales have been exceptionally good to which they attribute complete rebuilding, repainting with the various colors in which new Ford cars are now coming thru. These cars are receiving much comment as they go along the streets here and there, all seemingly to hit on all four. Mr. Grimes is doing all the repainting after being instructed by Ford authorities and is turning out some mighty attractive jobs.

All offices will be removed from their present location and placed to the rear of the show room which will be 50x32. Office fronts and other material is now being constructed by an Indianapolis firm and will be ready for installation within the next few days.

The repair department will be removed to the first floor which will insure more efficient and prompt handling of repair jobs, eliminating considerable loss of time heretofore entailed in carrying cars to the second floor.

Appointing Board.

ELBA GOES OVER TOP AND BOY SCOUT WORK IS ASSURED.

The citizens of Elba manifested their interest in bettering the past week by raising \$880.00 to carry on their Boy Scout work for the coming year under the supervision of the Chocomauletche council.

Elba's quota of \$750.00 was oversubscribed in an hour's time. Judge J. A. Carnley, served as chairman of the citizen's committee, who put over the drive. The leading business men of Elba helped.

R. L. Cooper bought \$100 worth of Scout bonds, and there were several who shared to the amount of \$50. Community wide interest was shown.

Two troops of Scouts are already directed in Elba by W. M. Brunson and J. M. Price. One of the permanent camps for the Council is to be located at Elba Valley, on Pan River near town. The sub for this camp is on the property of A. C. Brunson, who last year offered the site to Scout officials. It will be ideally fitted out for a Scout Camp, and boys from several counties in the district will be camped here during their training period. A large mess hall and cabins are to be built at the site.

Scout Executive W. L. Sprague spent several days here last week and helped in the bond sale. "No town in our area has shown greater or more enthusiastic interest in the work of the Boy Scouts of America than Elba," said Chief Sprague. The splendid response in the bond sale is evidence of hearty support. Our Scouts and leaders are greatly encouraged over the warm-hearted interest manifested. Scouting is growing in Coffee county and Elba is leading the way in the building of better boyhood.

Miss Ethel Shealy spent the week end in Brundidge with friends.

The subject for the League next Sunday evening, April 3, will be "Simple Trust Rather than Ritual and Sacrifice." A very interesting program has been arranged. Katherine Lee is the leader.

If you want to be made feel good come to the League Sunday night. To know our young people is to love them and how are we going to know them if we do not encourage them and work with them? They are our citizens of tomorrow. Show what kind of citizens you want.

The League is very much alive and those who were absent last Sunday night missed a treat. In addition to our regular program next Sunday night we will have a musical program. So if you like music come out. Young and old—everybody, invited.

Miss Ada Parker, of Samson, was the week end guest of Miss Annie Laurie Bullard.

Mr. and Mrs. O. D. Rowe of Union Springs were guests of Elba relatives Sunday.

Mrs. Claude Clark, of Andalusia, was the guest of Mrs. Gardner Clark last Thursday.

Miss Lillie Mae Rushing spent a few days last week with friends here.

Mrs. J. A. Canley and son, Fleetwood, and Mrs. Terry Kendrick and daughter, Olive Ray, are visiting in Tusculooosa this week. They are attending the State W. M. U. Convention as delegates from the Elba W. M. U.

Little Miss Totava Rhodes spent the week end with little Miss Alice Stovall in Dothan.

Miss Marguerite Rivenbark, of Samson, spent the week end here as the guest of Miss Gladys Jackson.

Mrs. A. R. Strain spent Friday and Saturday in Montgomery.

NOTICE TO MILK CONSUMERS OF ELBA.

On account of the increased price of feed stuff and labor, the price of cows and everything pertaining to the Dairy business, I find it necessary to make a small increase in the price of milk, and beginning on next Tuesday, April 5th, the price will be 12c per quart.

I want to give my customers the very best and have found that I cannot do this without a small increase in price. I wish to thank my customers for their liberal patronage, and trust that you will continue to use my milk.

BANKING AT HOME MAKES YOURS A BETTER TOWN.

People run their affairs for their own profit, of course, but since this is your home, the more the community prospers the more you prosper. Money sent away to be banked in other towns can do our town no good but money BANKED AT HOME is used by somebody for the upbuilding of this town. You are helping yourself when you bank at home.
